

Academic Probation

Guidelines for Academic Success and Recovery Plan

Effective July 1, 2011 this packet replaces the following:

- Academic Success Packet
- Academic Recovery Plan for Multi-term Academic Probation

All students on Academic Probation must have on file:

- Individual Plan for Academic Success, Part I effective for the current semester of enrollment
- Action Plan for Academic Recovery, Part II
 - This plan will remain in place once it has been reviewed and approved by a STAR Center or Student Success Center Advisor as long as the student is making Satisfactory Academic Progress each semester. Satisfactory Academic Progress is defined as achieving a 2.00 Term GPA each semester until your cumulative GPA is above a 2.0.
 - Term GPA is defined as the grade point average achieved for your current semester of enrollment.
 - Cumulative GPA is defined as your total grade point average for all semesters of enrollment at Aims CC.
 - If a student does not achieve a term GPA of at least a 2.0 a new action plan will be required prior to registering for the next semester.
- The Individual Plan for Academic Success, Part I must be completed each term before a student will be allowed to register for classes.

Both of these packets include several areas where you must identify your current GPA including your term GPA and cumulative GPA. In addition on the Individual Plan for Academic Success, you must calculate the GPA needed to raise your cumulative GPA to a minimum 2.0. Your term and cumulative GPA can be found on your transcript along with your attempted credits and passed credits. You can use the following link to help you forecast your GPA:
