Nursing, business, elementary teacher education, early childhood education and pre-engineering students should follow the appropriate statewide articulations for specific course selections. If the student is following a formal institution-to-institution written transfer articulation agreement in a specific area of study (e.g. criminal justice to UNC or Metropolitan State), they may apply electives listed in the agreement to their degree even if they are not on this list. Students wishing to apply an elective course not on this list to an AA degree may do so with a signed approval of an Academic Dean.
