Alliance Construction is estimating completion of the administrative wing by September 17, which would allow occupancy to begin in the first week of October. The estimated date for completion of Beaty Hall is December 20, so move in could begin in early January.

e. President’s Executive Summary
Dr. Liddell reviewed the following items:
The State Board of Nursing approved the Practical Nurse portion of the Associate Degree Nursing program.

The Beta Kappa Lambda chapter of Phi Theta Kappa received a special commendation. Dr. Liddell reminded the Board that Phi Theta Kappa was the student honor society at Aims.

Dr. Liddell informed the Board that Governor Bill Ritter held a meeting at the Loveland campus focusing on how economic development groups and higher education institutions could address workforce needs together.

Dr. Liddell also mentioned that she had been invited to a CCHE luncheon meeting hosted by Senator Ken Salazar. The Senator had arranged the meeting so that he could inform higher ed presidents about the reauthorization of and changes to the federal Higher Education Act.

Dr. Liddell discussed enrollment saying that on the second day of class, enrollment was about the same as fall of 2006, but with many late start classes yet to begin; it is likely that enrollment will increase overall. On the outlying campuses, Fort Lupton is showing a 16% increase; while Loveland is down significantly, approximately 23%. Dr. Liddell told the Board that a history of canceling classes due to low enrollment in Loveland had resulted in a reticence for students to enroll in classes there. She expressed the belief that the new west campus should improve that situation since they will be able to offer complete degree programs.

The job listing for the new Internal Auditor has been posted.

Dr. Liddell noted that the Fall Convocation, held on August 30, had been a great success. Guest speaker Vince Tinto discussed the advancement of the Learning-centered College philosophy.

President Liddell thanked Alysan Broda and her many assistants for their work on the 40th anniversary employee picnic. She reported that the event was a great success and that it could become an annual event.

Burns Marketing Group will be engaged to facilitate focus groups in the communities surrounding the future west campus, including Berthoud, Mead, Johnstown and Longmont. The purpose of these groups is to gain input from citizens on appropriate programs for the campus.

H. Law Enforcement services –
   Dr. Liddell reminded the Board of incidents that had happened in the last year on Aims’ campus and at other schools around the country. Carol Hoglund informed the Board that the college has arranged with an independent contractor to perform crisis risk assessment, which will begin soon. One of the first issues that came up in the initial consultation was whether the school should have armed or unarmed security. The consultant insisted that if the college is going to have uniformed officers, they need to be armed, because they become a target if they are not. Out of conversations with the Sheriff’s Office, there arose a proposal that would provide deputy coverage from 7:00 AM to 10:00 PM, Monday through Friday. At other times, the college would need to supplement with contracted security personnel.
   Carol Hoglund then introduced Weld County Sheriff John Cooke said that in light of situations here and across the country, he believes the agreement is a good move. The sheriff’s office is prepared to give whatever assistance Aims needs. For the coverage discussed, Aims would contract for 2.5 employees, allowing staffing overlap to cover the Fort Lupton Campus and the Downtown Center, as well as covering vacation and training time for the campus officers. While the Sheriff would have ultimate responsibility for the deputies, Aims would have input since the officers would be dealing with students. The Board discussed the level of staffing during night and weekend hours and asked if the decision should be delayed until the crisis risk analysis is completed. Board President Ken Nickerson stated that the Board could approve this proposal and ask Ms. Hoglund to bring additional needs to the Board after the risk assessment is complete.

ON MOTION OF BETH BASHOR THE BOARD VOTED 4-1 (RICHARD BOND VOTED NAY) TO APPROVE THE CONTRACT WITH THE SHERIFF’S OFFICE FOR 2.5 ARMED DEPUTIES AND REQUIRED EQUIPMENT FOR SCHOOL RESOURCE OFFICERS. THE ISSUE OF
VEHICLES WILL BE EXAMINED AND BROUGHT BACK TO THE BOARD AT A FUTURE DATE.
