Overview of Campus Safety

Department of
Campus Safety & Security
“We cannot stop natural disasters but we can arm ourselves with knowledge: so many lives wouldn't have to be lost if there was enough disaster preparedness.”

Petra Nemcova (survivor of the 2004 Indian Ocean tsunami)
Preparedness: Starts with YOU

- Develop a Hazard / Risk Specific Plan.
- **Be Informed** and **Plan in Advance.**
  - Know what to do **BEFORE** the incident.
  - Prepare an **Emergency Supply Kit**.
- Know how to communicate with family/friends.
- Evacuation Planning.*
  - When Should I Evacuate?
  - When Should I Stay at Home?
- Take pictures/videotape your property.
- Good idea to practice your plans.

*Used for short or long term evacuation orders
Preparedness: Conduct a Risk Assessment

• Identify the **Risks and Hazards** that are relevant to **You**, the **area you live and work**, and the **Northern Colorado area**.
  • Fire / Explosions?
  • Severe Weather / Tornadoes
  • Floods?
  • Earthquakes?
  • Winter Storms? / Blizzards?
  • Hazardous Material Spill?
  • Dangerous Subjects?
  • Dangerous Situations?
**Preparedness:** Emergency Supply Kit

Recommended Items: One each for your car and home.

- Non-perishable food items (plus a manual can opener).
- At least 1 change of clothes and shoes per person.
- Special items for children or those with special needs.
- Battery powered radio / weather radio (and spare batteries).
- At least 1 gallon of water per person per day (drink & hygiene).
- Cash / Credit Cards / Checks.
- At least 1 blanket per person.
- First Aid Kit.
- Flashlights / batteries.
- Work Gloves.
The Aims Emergency Notification System is used to alert the College community of pending or on-going emergencies. College leadership has flexibility in determining which notification tools or methods to use.

Methods include voicemail, text messages, emails, computer screen pop-ups, and the Alertus beacons.

There are Alertus security beacons placed throughout each building. These beacons use sirens, flashing lights and digital text to alert you in event of an emergency on campus.
Aims Emergency Notifications

• After enrolling in RAVE Alerts with your @aims.edu email address, you are automatically signed up to receive alerts via email, voicemail and text message.

• The alert message will explain the current emergency situation and give instructions what you should do.

Be sure to keep your contact information current so you don’t miss emergency notifications from Aims.
~If we can’t reach you we can’t alert you!!
RAVE Guardian (smartphone app)

Download Free App > Create Profile > Start Using

- **Panic Button**
  - Direct immediate connection to campus safety with GPS location and personal profile information.
- **Tip Texting**
  - Enables anonymous crime tip reporting and 2-way communication via SMS or mobile app
- **Personal Guardians**
  - Students can identify friends and family as ‘Guardians’ along with Campus Safety.
  - Students can set a Rave Guardian Safety Timer. During a Timer session Guardians and Campus Safety can check status of student.
    - If the Rave Guardian timer is not deactivated before it expires, campus safety is automatically provided with the user’s Rave Guardian profile and GPS location to proactively identify and check-in on the individual.
Safety is Our Top Priority!!

The Campus Safety, Behavior and Title IX Compliance Department oversees security services for the College.

- Currently, all law enforcement functions on all Aims’ Campuses are contracted to the Weld County Sheriff’s Office. There are two Weld County Sherriff’s Deputies (College Resource Officer (CRO)) assigned to Aims on a full time basis.

- Aims also contracts with private contracted security for armed security at all our campuses during the normal academic hours.

To further enhance safety and security, Aims has a very dynamic CCTV system with numerous cameras encompassing all campus locations.
Know Basic Response Actions for:

• Fire / Explosions.
• Severe Weather.
  • Tornado.
  • Thunderstorm / Lightning.
  • Flooding.
• Winter Storms / Blizzards.
• Earthquake.
