AIMS COMMUNITY COLLEGE PROCEDURE

PARKING VIOLATIONS

Vehicles (self-propelled and towed) improperly parked or left unattended in restricted areas (such as staff/faculty only, fire or handicap, etc.), as designated by Aims Community College, may be issued a notice of violation or warning. The College is authorized to charge a service fee against parking violators to defray the costs of implementing this policy.

Nonpayment of the service fee may result in additional action taken by the College, possibly including, but not necessarily limited to, a hold placed on academic records and disciplinary action.

Vehicles parked in violation of this policy, blocking egress, causing a safety concern, or abandoned on Aims property may be towed at the owner’s expense.
