AIMS OVERVIEW

History

In 1965 a citizen's committee representing all of Weld County's school districts recommended the formation of a junior college district. In January of 1967, voters of the district overwhelmingly approved the establishment of Aims Community College. Two months later a governing board was elected and it, in turn, selected Dr. Ed Beaty as the College's first president.

Aims has continued to grow to serve the needs of the community over the past 50 years and now provides educational excellence at locations in Greeley, Fort Lupton, Loveland and Windsor. Curriculum now includes 4,000 day, evening, weekend and online courses annually in more than 200 degree and certificate programs.

Aims continues to prepare for the future by expanding and remodeling facilities and by constantly updating the technology that is available to students in the classroom, around the campuses and online.

FINANCIAL AID

The purpose of financial aid is to provide assistance to students in meeting their educational costs as they pursue their current academic program. Financial aid awards may come from one or any combination of grants, scholarships, work-study or loans. Financial aid awarded to students may be funded from federal, state, institutional and/or private funds.

To be considered for most types of financial aid, students must apply using the Free Application for Federal Student Aid (FAFSA). The application is available online at www.fafsa.ed.gov. The Federal School Code for Aims Community College is: 007582.

Most scholarships require an application separate from the FAFSA. Please contact the organization granting the scholarship or the Financial Aid Office for more information.

FINANCIAL AID APPLICATION

A FAFSA must be completed for each academic year (Fall through Summer).

The 2018-19 FAFSA was available in October 2017 for financial aid beginning Fall 2018 semester. The 2019-20 FAFSA will be available October 2018 for financial aid beginning Fall 2019.

PRIORITY DATES

To be considered for certain types of grants and/or work-study funds that are very limited, you are encouraged to have your FAFSA submitted to the federal processor by March 15 for the upcoming Fall semester.

In order to ensure that your financial aid is ready to be disbursed at the beginning of the semester you must complete all steps in the application, verification, and enrollment processes and be meeting Satisfactory Academic Progress by the following dates:

Fall 2018:

Complete FAFSA by June 1, 2018
Complete all requirements by August 1, 2018

Spring 2019:

Complete FAFSA by November 1, 2018
Complete all requirements by January 2, 2019

Summer 2019:

Complete FAFSA by March 1, 2019
Complete all requirements by May 1, 2019

LATE APPLICANTS

If you miss the Financial Aid Priority Date for the term in which you wish to enroll, you are still strongly encouraged to apply. Your application will be accepted and processed, but it may not be processed in time for you to use your financial aid to meet the tuition payment deadlines and/or to pay for your tuition, fees and books. If this is the case, you will need to make other arrangements to pay your tuition, fees and to purchase your books. If you qualify for financial aid, a refund, if eligible, will be issued to you later in the term.

GENERAL ELIGIBILITY REQUIREMENTS

Your eligibility for financial aid is dependent upon the availability of federal, state, institutional and private resources.

To be eligible for financial aid, you must:

- Be accepted to Aims Community College as an eligible degree (A.A., A.S., A.A.S., A.G.S.) or certificate seeking student; and
- Be making satisfactory academic progress in accordance with the financial aid satisfactory academic progress guideline; and
- Be a U.S. citizen, a national, or an eligible non-citizen; and
- Enroll at least half-time (6 credits) for most financial aid programs. Enrollment must be for courses required for your degree or certificate; and
- Not be in default on a prior student loan; and
- Not owe a repayment or overpayment of a federal grant or loan; and

- Be registered with the Selective Service, if required; and
- Have a high school diploma or GED or completed secondary school education in a home school that state law treats as a home or private school; and
- Not have been convicted for sale or possession of illegal drugs while receiving federal (Title IV) funds.

Penalties may be imposed for abuse or fraudulently reported information and for misuse of financial aid funds.

FINANCIAL AID APPLICATION INSTRUCTIONS

You must apply for financial aid each academic year (Fall through Summer).

- Apply for admissions to the College
 - Go to www.aims.edu
 - Click on "Apply"
- Be a current degree-seeking student at Aims Community College or a student seeking an eligible certificate program and enrolled in courses that are required for that degree or certificate.
- Complete and submit the Free Application for Federal Student Aid (FAFSA.) Aims Community College's Federal School Code is 007582. This school code must be on your FAFSA for Aims to process your financial aid. You may submit the FAFSA using one of the following methods:
 - Online at www.fafsa.ed.gov - this is the quickest and most efficient way
 - Regular mail - you can request a paper FAFSA by calling 1-800-4-FEDAID. This method may add additional time to the processing of your application.
- Research and apply for scholarships. Check the financial aid link on Aims web site at www.aims.edu or search for FREE scholarships on the Internet.
- Submit additional documentation as requested.

OTHER IMPORTANT APPLICATION INFORMATION:

Verification - The federal government requires that some applications be reviewed for accuracy through a process called 'verification'. In addition, if the Financial Aid Office has conflicting information, you may be selected for verification by the school. If your application is selected for this process, you may be required to complete a Verification Worksheet, provide copies of the federal tax transcripts and W-2 forms for individuals whose income is required to be on your FAFSA, or other documents. You will be notified by letter or email if you have been selected for verification.

Federal database matches - When your FAFSA is processed, your name, social security number and date of birth are matched with a variety of federal agencies. Agency matches are performed against the files of the Social Security Administration, Department of Homeland Security (if applicable), Selective Service, Veterans Administration (if applicable) and the National Student Loan Data System (NSLDS). If there are any differences or questions about your information, you will be asked to provide additional documentation or to take additional actions to confirm your eligibility for federal/state and/or institutional financial aid. You will be notified by the Central Processing System (CPS) and our office by letter or email should additional documentation be required.

Transfer Students Who Have Applied for Financial Aid at Another School - If you previously applied for federal financial aid at another school and are now applying for financial aid at Aims, you must add Aims' federal school code (007582) to your FAFSA for the current academic year. This can be done by submitting a correction to your FAFSA online at www.fafsa.ed.gov. In addition, if the other school has awarded you financial aid for the term in which you are transferring to Aims, you will need to request those awards be canceled. Once canceled, it can take up to 30 days for those cancellations to be reported to NSLDS. It is our recommendation that you have the Financial Aid office from the other school email our office letting us know your financial aid has been canceled and the amount of aid you received. This will allow us to move forward in determining your financial aid eligibility.

You cannot receive financial aid from two schools for the same semester of enrollment.

A FAFSA is required to determine a student's eligibility for all federal loan types.

A fee of up to 0.5% of the loan amount is deducted proportionately from each loan disbursement. Interest is paid on the loan by the U.S. Government so long as you are enrolled at least half-time during eligible periods of deferment. You are responsible for the payment of interest that begins to accrue from the time you are no longer enrolled half-time until the loan is paid in full, with the exception of eligible periods of deferment.

Federal Direct Unsubsidized Stafford Loan (DLUNSB): A variable interest rate (up to 6.8%) loan that is not based on documented financial need. The U.S. Department of Education is the lender. A fee of up to 0.5% of the loan amount is deducted proportionately from each loan disbursement. You are responsible for the payment of interest that begins to accrue from the time the loan is disbursed until it is paid in full.

Federal Direct Parent Loan for Undergraduate Students (DPLUS): This is a loan where the parent of a dependent undergraduate student

can borrow to help pay for their student's educational costs less other aid being offered. This is a credit-based loan and a separate application is required (www.studentloans.gov). The U.S. Department of Education is the lender. This loan has a variable interest rate (up to 8.25%) and the repayment of the loan will begin within 60 days of being fully disbursed. Interest will begin to accrue once the first disbursement of the loan has been made. A fee of up to 4% of the loan amount is deducted proportionately from each loan disbursement.

ACADEMIC STANDARDS POLICY

Degree/certificate-seeking students must maintain satisfactory academic progress. To remain in good standing, students must achieve a minimum cumulative and term grade point average (GPA) of 2.00 for all attempted undergraduate level courses.

Students who fail to maintain satisfactory academic progress shall be placed on academic probation. Probationary students who do not show progress toward good standing in the first term of their probation will be placed on multi-term probation. Students who do not show progress toward good standing in the subsequent term will be placed on academic suspension.

Students who are academically suspended will need to submit a written appeal for reinstatement which will be forwarded to the Academic Standards Appeals Committee for review and decision. If an appeal is denied, students will be required to sit out, reapply for admission, and develop a reentry plan. A full explanation of the appeal process is available online at www.aims.edu/student/admissions/standards.

Financial aid and certain Aims programs may have more specific guidelines concerning course load and GPA. Students must achieve a minimum cumulative GPA of 2.00 to receive a degree or certificate.

CLASS ATTENDANCE

Students are expected to attend all classes for which they are registered, except in case of illness or other emergencies. The instructor shall determine and inform students of the effects of absences on the grade. If any student accumulates so many absences that continued enrollment in the class seems to be of little value, the student may be asked by the instructor to withdraw from the course. The instructor may assign a final grade or develop an Incomplete contract with the student if the student has successfully completed 75% of the course. Withdrawals must be processed by the deadline shown in the schedule of classes.

GRADING SYSTEM

Aims Community College assigns the following alphabetical grades:

Grade Letter	Quality of Work Indicated by Letter	Grade Points
A		4
Indicates that the student has demonstrated superior achievement of the course objectives.		
B		3
Indicates that the student has demonstrated above-average achievement of the course objectives.		
C		2
Indicates that the student has demonstrated acceptable achievement of the course objectives.		
D		1
Indicates that the student has demonstrated a below-average level of achievement in the course that does not warrant a failing grade yet represents the minimum passing grade. A course in which a final grade of 'D' is earned generally will not satisfy a course prerequisite, and may not be accepted if transferring to another school. The 'D' grade also carries with it a Grade Point Average below the minimum 2.0 required to graduate. For these reasons, students may want to consider repeating a course in which a 'D' is earned.		
F		0
Indicates that the student has failed to achieve the objectives of the course.		
S		none
Satisfactory: For designated courses, indicates achievement of the course objectives at a 'C' level or above.		
U		none
Unsatisfactory: For designated courses, indicates failure to achieve course objectives.		
AU		none
Audit: No credit is granted. Regular tuition rates apply. The audit (AU) grade does not affect the grade point average. Any course for which an AU grade is assigned: does not count toward any certificate or degree program; cannot be used to satisfy a course prerequisite; cannot be used to satisfy "in residence" requirements; and cannot be used to satisfy requirements for financial aid or veterans' benefits. Each academic department will set guidelines for the approval or disapproval of a student's auditing a course. The student must obtain instructor approval on an Audit Request Form and submit the form to the Admissions, Registration & Records office by the add/drop deadline for the course. Once approved and submitted, the final grade of AU will be assigned. The grade of AU is final and cannot be changed. The student may receive credit for a course that was originally audited only by enrolling in and satisfactorily		

completing another section of the course in a subsequent semester.

W

Withdrawal: Indicates a student's withdrawal after the point marking 15% of the course (the drop/refund deadline) and before the point marking 75% of the course. After the 75% point, students may no longer choose to withdraw from a course, and faculty will either assign the grade earned or complete an "Incomplete" Agreement with the student.

I

Incomplete: The Incomplete is an option for the instructor when a student has, for good reason, been delayed in completing the required work and has satisfactorily completed at least 75% of the course. To receive the grade of "Incomplete," the student does not re-register for the course but instead completes an agreement with the instructor, in which the instructor specifically identifies the time frame and requirements for completing the course. The instructor then submits the completed Incomplete Agreement form to the Admission & Records Office and ensures that the student receives a copy. The student has a maximum of one term to complete the course requirements. If necessary, the instructor may extend the time limit for one additional academic term. After one year from the issuance of the "I," an Incomplete that remains on a student's record will be converted to the "F" grade.

GRADE POINT AVERAGE

A student's grade point average (GPA) is computed according to the following formula:

Number of credits of "A" multiplied by 4; plus
 Number of credits of "B" multiplied by 3; plus
 Number of credits of "C" multiplied by 2; plus
 Number of credits of "D" multiplied by 1;
 Number of credits of "F" multiplied by 0; then
 divided by total number of credits accumulated.

Only the credits accumulated and grade points earned in college level courses at Aims Community College are used in computation of semester and cumulative GPAs which appear on grade reports and transcripts. Courses numbered below 100 do not count for college credit or in the grade point average. Courses graded "S" count for credit, but are not used in the grade point average.

FRESH START POLICY

"Fresh Start" is an option for students who had a poor start academically and returns to Aims after at least a two-year absence, counted from the end of the student's last term at Aims.

Under the program, the student may petition to have all of his or her previous grades eliminated from the cumulative Grade Point Average (GPA). The grades would remain on the transcript, but would no longer be calculated in the GPA.

The student may obtain a Fresh Start Petition in the Admissions, Registration & Records office or online.

GRADE REPLACEMENT POLICY

"Grade Replacement" is an option for students who may choose to repeat a limited number of courses for the purpose of replacing a poor grade with a better grade.

Under the program, both the previous and the new grades would remain on the transcript, but only the last grade received will be counted toward the GPA. The student may attempt to improve his or her overall GPA by repeating a maximum of 4 courses in which he or she had received a final grade of "D" or "F".

The student may obtain a Grade Replacement Petition in the Admissions, Registration & Records office or online.

HONORS PER SEMESTER

Honors recognition will be given to full-time students who earn a GPA of 3.5 or higher in at least 12 credit hours of college level courses used to compute the GPA during a semester. President's List is the designation for a term GPA of 4.0 (straight A), while Dean's List is the designation for a term GPA of 3.5 - 3.99.

REPEATING COURSES

A student who earns a grade of "D" or "F" may A student who earns a grade of "D" or "F" may repeat the course to raise the grade to a "C" or better to meet the performance level required for subsequent courses. The course may be used only once to meet the graduation requirements of a particular degree or certificate program. All grades will be listed on the student's transcript and will be computed in the student's grade point average (GPA) unless either a "Fresh Start" or "Grade Replacement" policy applies.

GRADUATION INFORMATION

COMMENCEMENT CEREMONY & DIPLOMA/ CERTIFICATE INFORMATION

Aims conducts one commencement ceremony per year, which is held at the end of spring semester. This year's commencement ceremony will be held on May 10, 2019, at the Budweiser Events Center.

All graduates who want to participate in the ceremony **MUST** wear the college provided regalia. Information on how to order regalia will be mailed and/or emailed to graduates in the spring.

There will be one day scheduled in May for Spring graduates and one day in August for Summer graduates to pick up their diploma or certificate at Aims. If it is not picked up on the designated day, it will be mailed to the last known address on file for the graduate. Those students who were Fall graduates will have already received their diploma or certificate.

EFFECTIVE CATALOG

The catalog in use during a student's first enrollment in the College normally is used in determining degree or certificate requirements. The effective catalog may, however, be no more than four years old at the time of graduation. A student may elect to meet the requirements of any subsequent catalog published during the four year period, including the current year. This election should be made well before the student files a graduation application.

A student who has a break in enrollment in the College may be required to meet the program requirements of the catalog in use at the time of readmission due to program changes. Any previously completed course work may be subject to an evaluation of its relevancy to any revised program. If the program in which the student was previously enrolled has been discontinued, or if a public notice of program discontinuance has been given, the student cannot re-enroll in that program.

The College reserves the right to substitute courses for those no longer offered, to modify course content at any time, to approve the substitution of one course for another in any degree or certificate program, or to waive any course prerequisite or corequisite.

GENERAL REQUIREMENTS

The general requirements for awarding of an Associate of Applied Science (A.A.S.) degree, an Associate of Arts (A.A.) degree, an Associate of Science (A.S.) degree, an Associate of General Studies (A.G.S.) degree, or Certificates in Career and Technical Education programs are outlined in the Degree and Certificate Requirements section of this catalog. ALCOHOL & DRUG FREE INSTITUTION

I. Background

The National Drug Control Strategy issued in September 1989, proposed that Congress pass legislation requiring schools, colleges and universities to implement and enforce firm drug prevention and education programs as a condition of eligibility to receive Federal financial assistance. On December 12, 1989, President Bush signed the Drug-Free Schools and Communities Act Amendment of 1989 (PL 101-226) which requires institutions of higher education to implement a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by their students and employees on school premises or as part of any school activity.

This law, in addition to the Drug Free Workplace Act (PL 100-690, 5151-5160), which requires applicants for federally funded grants and contracts to certify that they will institute affirmative steps to prohibit the unlawful manufacture, distribution, possession, and use of controlled substances in the workplace, establishes the foundation on which Aims Community College has established its drug and alcohol policy.

II. Standard of Conduct

Aims Community College complies with both the Drug-Free Schools and Communities Act and the Drug Free Workplace Act. In compliance with these Acts all students and employees are prohibited from the unlawful manufacturing, possession, use or distribution of illicit drugs and alcohol on any of the Aims' campuses or at any Aims sponsored activity.

III. Legal Sanctions

Students and employees are reminded that local, state, and federal laws provide for a variety of legal sanctions and penalties for the unlawful manufacturing, possession, or distribution of illicit drugs and alcohol. These sanctions include, but are not limited to, incarceration and monetary fines.

The Federal Controlled Substances Act specifies penalties, for a first offense individual involved in the unlawful manufacturing, distribution, or possession with intent to distribute narcotics, of

not fewer than 10 years or more than life imprisonment and a fine up to 4 million dollars, or both. The penalty for simple possession, knowingly or intentionally possessing a controlled substance, is imprisonment up to one year and a minimum fine of \$1,000, or both. Penalties for unlawful distribution of a controlled substance to a person under twenty-one (21) years of age is imprisonment or a fine, or both, up to twice that established for distribution offenses.

The Colorado Criminal Code relating to controlled substances (Title 18, Article 18) establishes penalties for the unlawful distribution, manufacturing, dispensing, sale, or possession of a controlled substance ranging from six months imprisonment or \$500 fine, or both, to 16 years imprisonment and/or \$750,000 in fines, depending on the classification of substance. Penalties under the Colorado Beer Code (Title 12, Article 47) relating to unlawful manufacturing, distribution, and possession of alcoholic beverages range up to one year imprisonment and/or up to \$5,000 in fines, or both.

Local ordinances for the City of Greeley, relating to illicit drugs and alcohol, coincide with the State of Colorado statutes.

IV. College Sanctions

Students and/or employees (full or part-time) who violate the standards set forth under the Aims Substance Abuse Policy (Aims Community College Policy 1-290) will be subject to disciplinary actions. Sanctions include, but are not limited to, reprimand, probation, suspension, expulsion or termination and/or referral to the appropriate authorities for prosecution.

V. Health Risks

Health risks associated with drug and alcohol abuse encompass physical and psychological effects, including but not limited to: malnutrition, brain damage, paranoia, psychosis, hepatitis, convulsions, coma, depression, heart disease, death, pancreatitis, cirrhosis of the liver, damage to the central nervous system, elevated blood pressure, respiratory failure, low birth weight babies, babies with drug/alcohol addictions, and an increased probability of intravenous drug users contracting AIDS. It is recommended that anyone having specific questions relating to their health and drugs/alcohol should consult their physician. Aims Community College Policy 1-290.

SMOKING POLICY

Aims Community College favors a tobacco-free environment. The use of tobacco products on Aims' campuses, in Aims' vehicles, or at Aims events is prohibited except in limited areas as designated by the President. Aims Community College Policy 3-725.

DISCIPLINARY PROCESS

DISCIPLINARY MEETING

The Dean of Students Office receives incident reports from Campus Security Officers, the Student Behavioral Officer, faculty, staff, or other members of the college community. If a report suggests that you may have violated the Aims Community College Student Code of Conduct, you will be asked to schedule a meeting with the Dean of Students. You will receive a notice letter with the nature of the complaint and the conduct code that has been allegedly violated. The notice letter may contain

specific requirements or restrictions pending the resolution of the matter to protect the interests of involved students or employees of the college. These requirements could include, but are not limited to, restriction from specific campus locations or orders prohibiting contact with the complainants or witnesses. The notice letter will be sent to your current address as listed in the college database. If a notice letter is returned due to a change of address that has not been recorded, the letter may be served to the student by a Campus Security Officer. Failure to comply with a summons from the Dean of Students may result in disciplinary action that will include being placed on hold. At the meeting you may explain your perspective on the incident. The Dean of Students will issue a decision as to whether the alleged conduct occurred and whether the conduct violated the Code of Conduct or other college policies or procedures, and will impose a sanction(s) if appropriate. The standard of proof used in all student conduct proceedings is preponderance of evidence. You will receive a written notice of the decision and be advised of your right to appeal.

OUTCOME/SANCTIONS

If you are found responsible for a conduct code violation, you may be assigned one or more sanctions. All sanctions are issued in writing. View a complete explanation of the Disciplinary Procedure at www.aims.edu/conduct.

Possible sanctions include:

- Warning
- Probation
- Loss of privileges
- Other disciplinary measures such as fines, restitution, assignment to perform services for benefit of the college community, required meetings with an advisor/college official, and required attendance at programs.
- Withdrawal from class with consequent loss of tuition and fees.
- Immediate suspension from the college to ensure the safety and well-being of the college community.
- Faculty determination of immediate removal from class if a student is unresponsive to a faculty member's intervention and continues to be disruptive.
- Exclusion from college facilities, activities, or academic programs.
- College suspension with consequent loss of tuition and fees for up to two academic terms.

- College expulsion with consequent loss of tuition and fees for more than two academic terms.
- Revocation of admission prior to matriculation for fraud, misrepresentation, or other serious behavioral violation.
- Withholding the awarding of a degree or certificate until the process set forth in the Student Code of Conduct has been completed including the completion of imposed sanctions.
- Persona Non Grata (PNG) notice served upon a student who is no longer permitted to be present in any or specified college locations.

APPEALS

If you disagree with the outcome of your hearing you may file a written appeal with the Dean of Students within seven days of receiving your disciplinary decision letter.

The appeal must cite at least one of the following criteria as the reason for appeal:

- The conduct hearing was not conducted in conformity with procedures and substantial prejudice to the student resulted.
- New information that could substantially affect the outcome of the conduct hearing has been discovered since the conduct hearing.
- The sanction is not appropriate for the violation. This provision is intended to be utilized when a determined sanction is inherently inconsistent with college procedures or precedent.

An Appeal Committee will be appointed to review your request. You will have an opportunity to appear before the Committee to present your case.

After reviewing your request, the Committee will make one of these decisions:

- Reverse the decision
- Affirm the decision
- Modify the decision

You will receive the Appeal Committee's decision in writing. The Decision of the Appeal Committee is final. Full details about the appeal process are explained in the Disciplinary Procedure at www.aims.edu/conduct.

STUDENT GRIEVANCE PROCESS

SCOPE

Aims Community College provides this grievance procedure for its students. Additionally, clients of the College and volunteers who are providing a service for the benefit of the College under the supervision and control of a college employee may only grieve a decision which bans him or her from the campus. A grievance may raise any matter which the grievant believes violates or inequitably applies written Aims' policies or procedures. The grievant must be personally affected by such violation or inequitable action. Matters that are not grievable include those matters which the College is without authority to act, academic decisions, and disciplinary actions. Academic decisions that are believed to be the result of discrimination on a prohibited basis should be submitted to the EEO Officer.

INFORMAL RESOLUTION

A grievant is encouraged to resolve the issue informally by use of the process described in Procedure 5-601D, the MAAP process. If that process fails or is impracticable, the grievant should proceed by discussing the concern with the person, or the person's supervisor, who is believed to have caused or contributed to the matter on which the grievance is based (hereafter called the respondent). A respondent may be an Aims' employee or faculty member, student, volunteer, contractor, or client. Grievances based upon illegal discrimination are not covered by this procedure. Complaints of discrimination or unlawful harassment should be brought to the attention of the Equal Opportunity Officer.

FORMAL RESOLUTION

If informal resolution fails, the grievant may file a written statement of the matters complained of and the remedy sought within twenty (20) calendar days of the incident. The written complaint should be filed with the Vice President of Student Affairs. After receipt, the Vice President of Student Affairs will determine whether or not the situation presents a grievable matter. The grievance will be dismissed if the matter is determined to be ungrievable and the grievant will be notified of the reasons. A dismissal of a grievance may be appealed to the President.

If the matter is determined to be grievable, the Vice President of Student Affairs or designee shall conduct a hearing and establish reasonable

rules for the grievance procedure. Fact finding will be conducted which will give the grievant and responding Aims' personnel, who were named in the grievance, an opportunity to explain what they know about the matters surrounding the grievance and to review any related evidence. The Vice President of Student Affairs or designee may choose to hear the information in individual meetings. If the student is a minor or incapacitated, an advisor may assist the grievant in presenting his or her case. Right to representation by an attorney during the proceedings is not permitted, except in the case where civil or criminal actions concerning the student are pending, and in that case the attorney's role shall be advisory only. The grievant is responsible for presenting his or her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing except when the student is under 18 or incapacitated.

Considering the oral and written statements and comments, the Vice President of Student Affairs or designee shall issue a decision within ten (10) calendar days of the close of the hearing. The decision shall reject the grievance or grant the grievance and make recommendation(s) to resolve the issue(s). Copies of the decision shall be served to the Grievant and the Respondent either personally or by certified mail to the addresses on file in the Admissions, Registration and Records Office.

APPEAL

The decision of the Vice President of Student Affairs or designee is final unless a Petition for Review is filed with the President by either party within five (5) calendar days of notification of the decision.

The Petition for Review may be filed only on the following basis:

1. A violation of this procedure,
2. The decision was arbitrary and was not based on the facts of the grievance, or
3. The Grievant or Respondent can provide newly discovered information that was not available during the meetings or hearings.

Upon receipt of a petition, the President will review the record and issue a written decision within ten (10) calendar days of the receipt of the petition. The College President's decision is subject only to review by the Board of Trustees pursuant to Policy now 0-1100. The scheduling timelines described above may, for good cause, be extended.

NON-DISCRIMINATION OR HARASSMENT

Aims Community College is an equal opportunity education institution and does not discriminate on the basis of age, ancestry, color, creed, disability, ethnicity, familial status, gender, gender identity, genetic information, marital status, national origin, race, religion, sex, sexual orientation, or veteran status in admission or access to, or treatment or employment in, its educational programs or activities. Any student or College employee who encounters acts of discrimination or harassment should contact the Title IX Coordinator at Aims Community College at 970-339-3587 or the Executive Director, Human Resources at 970-339-6434.

SEXUAL HARASSMENT

It is the policy of Aims Community College to maintain a working and learning environment that is free from sexual harassment. It shall be a violation of policy for any employee to sexually harass students or other employees or for any student to harass employees of the College or other students. Unwelcome sexual advances, requests for sexual favors and other written, spoken, or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly as a term or condition of an individual's education or employment;
2. Submission to or rejection of such conduct by an individual is used as a factor in decisions affecting that individual's education or employment; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive educational or work environment.

As defined above, sexual harassment may include, but is not limited to the following conduct:

1. Sexually oriented verbal "kidding," abuse, or harassment;
2. Unwelcome requests for sexual activity;
3. Remarks with sexual or demeaning implications made to another person;
4. Unwelcome touching, such as patting,

- pinching, or intentional brushing against another person's body;
5. Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one's grades or other personal or academic concerns; or
6. Inappropriate display or transmittal of sexually suggestive or pornographic material.

An individual engaging in sexual harassment shall be subject to disciplinary action up to and including termination or expulsion.

Individuals who knowingly file fraudulent complaints under this policy are subject to disciplinary action. Individuals will not be subject to retaliation for filing legitimate complaints.

For more information about this policy and/or procedures for filing a complaint, you may contact the Title IX Coordinator at Aims Community College.

TITLE IX COMPLIANCE

Sexual Harassment and Sexual Assault as Defined by the Office of Civil Rights

Title IX of the Education Amendments of 1972 ("Title IX") prohibits discrimination on the basis of sex in any educational programs or activities that receive federal funding, whether they take place in the facilities of a school or at an event sponsored by the school at another location. While perhaps best known for its application to program equity, such as in athletics, Title IX also applies to sexual harassment (including sexual assault), as it has been determined in subsequent legal cases and regulatory interpretations that sexual harassment can prevent students from participating fully and equitably in educational opportunities. Sexual harassment was, in fact, explicitly recognized as a form of discrimination for purposes of Title IX compliance in 1992.

The Office of Civil Rights of the US Department of Education is responsible for overseeing compliance with Title IX, and has issued guidelines for institutions to help them comply with its principles. In the case of sexual harassment, the OCR guidelines require that once an institution has received notice of the possible sexual harassment of a student, it should take immediate and appropriate steps to investigate what occurred, take prompt and effective action to end the harassment if such is found to be the case, take steps to remedy the effects and to prevent it from occurring again. These steps are the school's responsibility whether or not the student who was harassed makes a complaint or otherwise asks the school to take action; all reasonable steps to investigate and respond are still required. The OCR standard for "notice" is that a school may be held accountable for the failure to take appropriate steps if any person perceived to be a responsible school employee was put on notice and took no corrective action.

One important compliance requirement established by the OCR is that each school receiving federal funding should appoint a Title IX Coordinator; this individual is responsible for promoting an institutional environment that is free of gender bias and sexual harassment. To that end, they must be familiar with the school's grievance procedures and be a resource for student inquiries on those procedures, monitor and evaluate compliance with Title IX reporting requirements, and oversee training to the community on the issue of sexual harassment.

The Title IX Coordinator at Aims Community College is:

NOTIFICATION TO STUDENTS OF PRIVACY RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students four specific rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records at Aims Community College (hereafter referred to as "the College") within 45 days of the day the office of Admissions, Registration and Records receives a request for access.

A student should submit to the Registrar or other College official within the office of Admissions, Registration and Records, a written request that identifies the record(s) the student wishes to inspect. The Registrar or other Admissions, Registration and Records official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Admissions, Registration and Records office, the student shall be advised of the correct College official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the College to amend a record should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent (see the "Release of Information" section below). The College discloses education records without a student's prior written consent under the FERPA

exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or Collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another College official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.

Upon request, the College also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The Office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

GREELEY CAMPUS

In January 1967 voters in 11 of Weld County's 12 public school districts approved the creation of the Community College District. January 2017 marked Aims' 50th anniversary. Aims Community College is a public, fully accredited, two-year college with multiple campuses in northern Colorado, including the 175-acre campus centered in Greeley for more than 45 years.

The campus in west Greeley with 11 buildings overlooks 100 miles of Rocky Mountain grandeur. Students can apply, register for classes, meet with advisors, and get information on financial aid in our One-Stop Shop in the College Center. Of the 7,000 students who attend Aims annually, 70 percent take classes at the Greeley Campus.

Student governance and student programming are provided by the Associated Students of Aims Community College (ASACC). Activities and services offered throughout the year feature financial success workshops, cultural events, speakers, student identification cards, parking permits and a wide variety of academic and informational programs. Students interested in getting involved with program planning, volunteering, or plugging into any of the 25+ student clubs can contact Associated Students' representatives at the Student Activities, Inclusion & Leadership Office, Room 131 in the College Center, 970-339-6225.

STUDENT CENTERED CLASSROOM GUIDE

CIVILITY STATEMENT

Aims Community College is committed to the highest standards of academic and ethical integrity, acknowledging that respect for self and others is the foundation of educational excellence. As such, we will cultivate an environment of mutual respect and responsibility. Whether we are students, faculty, or staff, we have a right to be in a safe environment, free of disturbance and civil in all aspects of human relations.

EXPECTATIONS OF STUDENTS IN THE CLASSROOM

Your academic attitude is a major factor in your success at Aims. You share responsibility, along with your professor and other students, for creating a productive learning environment. This includes behaving courteously and respectfully and becoming self-disciplined in your learning. Here are ways to create a productive college experience:

- Attend class and pay attention.
- Do not ask the instructor to go over material you missed by skipping class. Ask the instructor for help if you cannot understand the material.
- Be on time and stay until the end of class.
- If you are late to class, enter quietly without disruption. If you must leave class early, notify your instructor in advance and sit near the exit to avoid disruption when you depart.
- Give full attention while the instructor or another student is speaking.
- Show respect and concern for others by not monopolizing class discussion.
- Allow others time to give their input and ask questions.
- Turn off all electronic devices, including cell phones
- If work or family obligations require you to keep your phone turned on, talk to your instructor and set the device to silent mode.
- Refrain from text messaging and social media usage.

- Focus on class material during class time. Sleeping, talking to others, doing work for another class, checking email or social media, exploring the Internet, text messaging, etc., are unacceptable and can be disruptive.

YOUR RIGHTS AS A STUDENT

As a student, you have the right to a learning environment free from distractions. If others in your classroom are engaging in behavior that interferes with your learning, bring the situation to the attention of your instructor. He or she is responsible for managing the classroom environment and determining appropriate action.

CONSEQUENCES OF INAPPROPRIATE CLASSROOM BEHAVIOR

The instructor has both the right and the responsibility to take appropriate action when he or she observes inappropriate classroom behavior. The form of intervention taken by the instructor will depend on the nature of the misconduct observed.

A FINAL NOTE

The College is committed to creating and maintaining an effective community of learners in which all can grow and develop. We look forward to interacting with you in a civil and respectful classroom environment that encourages dialogue, supports the acquisition of knowledge, and assists all students in meeting their academic and personal goals.

Some statements above are adapted from civility statements from other community colleges.

STANDARD SYLLABUS POLICIES

The following syllabus policies apply to every course taught by Aims Community College. These policies are hereby incorporated into every syllabus at Aims Community College.

ACADEMIC INTEGRITY:

Aims Community College Students are expected to demonstrate qualities of morality, honesty, civility, honor, and respect. Behavior which violates these standards for which discipline may be imposed includes, but is not limited to, the following:

a. Cheating. Copying or attempting to copy the academic work of another student (including, but not limited to, quizzes, examinations, assessment tests, and assignments); using or attempting to use unauthorized materials, information, notes, study aids or other devices for an academic examination or exercise; engaging or attempting to engage the assistance of another individual in misrepresenting the academic performance of a student; or communicating information in an unauthorized manner to another person for an academic examination or exercise.

b. Fabrication or Falsification. Falsifying or fabricating any information, College document, record, or instrument of identification. Falsification is the alteration of information, while fabrication is the invention or counterfeiting of information.

c. Plagiarism. Use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgement; unacknowledged use of materials prepared by another person; or use of an agency engaged in the selling of term papers or other academic materials.

d. Complicity in Academic Dishonesty. Helping or attempting to help another student to commit an act of academic dishonesty.

e. Falsifying Grade Reports. Changing or destroying, or attempting to change or destroy, grades, scores, or markings on an examination or in an instructor's or the College's records.

f. Lying. Furnishing false information to any College official, faculty member or office.

g. Other. Additional standards of conduct relating to academic honesty specified in writing by an academic division or department and/or instructor for a particular course. (See Student Code of Conduct, Aims Procedure 5-601A.)

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES:

Any student who feels they may need an accommodation based on the impact of a disability should contact Disability Access Services (DAS) privately to discuss their specific needs. Please be aware that before accommodations can be allowed in class they must be approved through the DAS Office. Students should contact DAS at 970-339-6388 or disabilities@aims.edu to set up an appointment to discuss the process of requesting reasonable accommodations. (See Aims Policy 5-1400.)

ATTENDANCE:

Aims Community College is a community of learners. Students are expected to assume responsibility for their learning by attending all class sessions, participating in class discussions and completing all assignments. Each student is encouraged to develop a professional work ethic in class that reflects responsibility, initiative and teamwork.

When an absence is unavoidable due to illness or an emergency, students are responsible for notifying their instructors and to arrange for make-up work. Because Aims Community College is committed to helping students succeed, students who demonstrate signs of

unsatisfactory academic progress (e.g. unexcused absences, missed assignments, poor participation in class, etc.) will be referred to a retention specialist for assistance.

ATTENDANCE IN ONLINE COURSES:

Students enrolled in online classes must complete one or more attendance activities as listed by the Instructor during the first week of class in order to be counted as "attending" the online course. Failure to complete an assigned attendance activity may result in the student being dropped from the class.

Attendance activities are outlined by the course Instructor in the Syllabus. In addition, if a student has not logged into the course for a period longer than two weeks, the Instructor will report the student as a "No-Show" (See Aims Procedure 2-250E).

CHILDREN ON CAMPUS:

Children on campus under the age of eighteen (18) must be under the direct supervision of a parent or legal guardian unless they are involved in a specific College approved and supervised activity. (See Aims Policy 3-600.)

COMPUTER RESOURCES:

The Computer Learning Lab staff provides assistance in various disciplines, including CIS, Business Technology, Graphics Technology and various programming languages. There are a large number of computers loaded with current software available for student use. Please visit the computer lab website for additional information: www.aims.edu/student/learning-commons/complab/.

COURSE EVALUATIONS:

Course evaluations provide valuable feedback to Instructors. Students are encouraged to complete the online course evaluation survey during the last two weeks of the course. Other short course evaluations will be available at various times, depending on the course start and end times. Students will receive an email message directing them to a website where they can login using their Aims credentials and complete evaluations. Course evaluations are confidential. The student course evaluation website is aims.campuslabs.com/courseeval.

LIBRARY:

The Kiefer Library offers services on all campuses that include book check-out, reserve textbook check-out, reference services, and off-campus online research databases. The Greeley Campus library is located in the Learning Commons, on the 2nd floor of the College Center. For assistance with library services, please contact the library staff via telephone at 970-339-6458 or email at reference@aims.edu.

STUDENT CONDUCT:

Please note a complete copy of the Student Code of Conduct can be found at www.aims.edu/student/conduct/. Students are expected to refrain from any form of cheating, plagiarism, or knowingly furnishing false information to the College. Students should refrain from expressing derogatory opinions concerning age, race, color, religion, gender, national origin, disability, sexual orientation or any other personal characteristic of an individual or group in such a manner as to exhibit a pattern of abuse or to create a hostile environment. Each student is responsible for contributing to a positive learning environment in classroom situations. Because respect for the learning process is critical, no behavior that disrupts another student's ability to learn will be tolerated. Students who conduct themselves contrary to the best interest of the class as a whole may be referred to the Dean for Students for disciplinary action. Violations of the Student Code of Conduct may result in disciplinary measures up to and including expulsion from the College (See Aims Policy 5-601 and Procedure 5-601A).

INCOMPLETE GRADES:

A student who has satisfactorily completed at least 75 percent of the course but has, for good reason, been delayed in completing the remainder of the required course work may request an 'Incomplete' grade. Students must arrange the terms of an Incomplete with their instructors, who will define the terms of and deadline for the incomplete grade on an Incomplete Grade Contract form. Instructors are not obligated to allow a student to enter into an Incomplete Grade Contract. If an Incomplete is approved, the student does not re-enroll in the class for the next term, nor is the student considered to be enrolled in the course the next term. It is an agreement to complete the missing assignment(s), and failure to do so will result in

the final grade of "F." (See Aims Policy 2-200 and Procedure 2-250C.)"

GRADE REPLACEMENT:

Repeating a course under Grade Replacement may be an option if the course to be repeated was originally taken Fall 2005 or later. To be eligible for a Grade Replacement, submit a completed Grade Replacement Petition to the Admissions, Registration and Records office before the end of the first week of the semester. It is the student's responsibility to check with the appropriate academic department(s) to determine course eligibility for Grade Replacement (See Aims Policy 2-220 for further information)".

LEARNING OBJECTIVES:

Learning objective statements outlined in the Instructor's Syllabus specify the student learning achievement expected upon completion of the particular course. Learning objectives create a measure to assess a student's achievement or attainment of necessary knowledge or skills (See www.aims.edu/about/learning-college/).

TECHNICAL SUPPORT:

Students with difficulty accessing myAims, an online course, or computer configuration for the Aims website may contact Technical Support by calling 970-339-6380 or emailing the helpdesk@aims.edu. (See <http://www.aims.edu/online/technical-support.php>)

TESTING CENTER:

Please visit the following website for information on testing center hours: www.aims.edu/student/testing/

TURNITIN:

Any and all written worked submitted in a course may be submitted to TurnItIn.com or a similar detection program for evaluation of the originality of a student's work as well as proper use and citation of sources. Such software programs have the educational purpose of ensuring the integrity of submitted student work. Work submitted to TurnItIn.com will be included as source documents in a restricted access database owned by TurnItIn.com solely for the purpose of detecting possible plagiarism of such documents. By registering for a course at Aims, the student agrees that all assignments may be subject to

the form of originality review mandated by the instructor. A paper not submitted according to the procedures and format set by the instructor may be penalized or may not be accepted for credit towards the student's grade. No work created for a class or project shall be submitted to another course for a grade without the prior consent of the instructor (See Aims Procedure 5-601E).

TUTORING:

Drop-in, individual, and guided study group tutoring is available to currently enrolled Aims students. For available subjects for tutoring, hours, and additional questions, please call 339-6541 for Greeley, 667-4611 ext. 3304 for Loveland, and 303-718-5905 for Fort Lupton services. Also, please visit our website at www.aims.edu/student/learning-commons/tsi/ for current information about drop-in, individual, group, and online tutoring. The Computer Learning Lab staff provide assistance in various disciplines, including CIS, Business Technology, Graphics Technology and various programming languages. There are a large number of computers loaded with current software available for student use. Please visit the website for additional information. www.aims.edu/student/learning-commons/complab/.

WITHDRAW "W" GRADE:

A "W" grade indicates a student's withdrawal after the point marking 15% of the course (the drop/refund deadline) and before the point marking 75% of the course. After the 75% point, students may no longer choose to withdraw from a course, and faculty will either assign the grade earned or complete an "Incomplete" contract with the student. An Incomplete will be assigned only under extraordinary circumstances and is left to the discretion of the Instructor. (See Aims Policy 2-200.)

DISCLOSURE STATEMENTS

COPYRIGHT AND PEER-TO PEER FILE SHARING

Aims Community College will observe all copyright and intellectual property laws. Students who violate copyright and intellectual property laws will be subject to disciplinary measures and/or referred to law enforcement authorities. Illegal downloading and distribution of copyrighted material, including Peer to Peer file sharing, even if inadvertent, holds the risk of significant penalties beyond sanctions for violation of College policy and regulation.

Under federal law, a person found to have infringed upon a copyrighted work may be liable for actual damages and lost profits attributable to the infringement, and statutory damages from \$200 up to \$150,000.

Aims Community College supports the responsible and good faith exercise of fair use of copyrighted materials. The College provides information and resources about copyright law, the rights of copyright holders, and the exercise of fair use. Students have an obligation to make informed and responsible decisions regarding their use of copyrighted materials, including downloading and peer to peer file sharing, and are obligated to comply with copyright law. For more information about copyright visit: <https://www.aims.edu/kieferlibrary/copyright.php>

VACCINATIONS

Aims Community College does not require vaccinations for general admission to the college. However, vaccinations may be required for admission to a specific class or program. Students are responsible for determining if their chosen class or program requires specific vaccinations for admission. Students may contact the appropriate department or access the Aims webpage for specific program and course requirements.

ACADEMIC IMPROVEMENT

As an institution that focuses on the principles of a learning college and continuous improvement, Aims has developed processes and guidelines to ensure academic programs are regularly reviewed for improvement. Aims uses a diverse picture of academic program performance; evidence is gathered from multiple sources to determine data and information patterns for more reliable results in assessing a program's strengths and opportunities for improvement. Some of these sources of information include:

- Internally created mechanisms such as faculty evaluation performance plans, program reviews, observations of instructors, course/instructor surveys, program improvement plans, and advisory committee evaluations.
- Assessment of student learning of program learning outcomes and Aims' Common Learning Outcomes (CLOs). <https://www.aims.edu/about/departments/ie/assessment/index.php>
- External program review for Career and Technical Education programs.
- Ongoing professional development for Faculty and Staff
- To view Gainful Employment Disclosures visit: <http://www.aims.edu/academics/ge-disclosures/>

The data collected are used to assess academic programs and "close the loop" so that concerns are addressed, corrective action is taken, and improvement efforts are based upon the information acquired. Follow-up actions are also monitored and assessed for effectiveness, creating an annual review cycle.
