

**Aims Community College Policy**  
**Executive Vice President**  
**Institutional Review Board**

Aims Community College is committed to ensuring all research involving human subjects follows the ethical principles and requirements outlined in the **Code of Federal Regulations** (*45 Part 46, subparts A-D*). The Institutional Review Board (IRB) provides oversight for research involving human subjects conducted under the auspices of Aims CC in which the principal investigator intends to present or publish findings outside of Aim CC to contribute to a larger body of generalizable knowledge.

This policy does not apply to the routine assessment work conducted within a class or program, unless the intent is to publish findings from that assessment to a broader audience beyond Aims Community College.

The President shall implement and maintain procedures to carry out the intent of this policy.
